About This Content

Following and expanding on the scope of the base game, Scourge of War: Wavre focuses heavily on realistic units, formations, tactics, weapon ranges, and more.

In an extremely accurate Order of Battle, you will find all of the historical units that originally fought. Each unit has its own commander and objectives: whether you choose to give orders as the Maréchal Grouchy or as Generalleutnant von Thielemann, you can lead your army to victory in five new scenarios covering all the critical phases of the battle of Wavre!

The battlefield is meticulously represented in an extensively researched, historically correct 5-mile x 5-mile map. You will be pleased to find all of the features (and more!) that have made Scourge of War: Waterloo the best simulation of Napoleonic warfare ever created.

Features:

- Extensively researched and historically accurate Order of Battle
- Topologically and historically accurate 5-mile x 5-mile battlefield map
- Five new scenarios covering important parts of the battle from both Prussian and French sides.
- Exclusive new loading screen art from Mitchel Nolte
